June 21, 2018

On June 12th, 2018, the Illinois Law Enforcement Alarm System (ILEAS) submitted the online training course titled "IDPH Naloxone First Responder Training" to the Illinois Department of Public Health. After review, IDPH confirms that this online course meets the training development and delivery requirements agreed upon with ILEAS pertaining to the grant Empowering and Equipping Law Enforcement and Communities in Rural Illinois to Reduce Opioid Overdose effective October 1st, 2017.

Respectively,

Heidi Clark, MPH
Division Chief, Health Data and Policy
