$3+ Billion FUNDING TRACK RECORD

Does this sound like your agency?

- Your agency lacks funds for vital equipment or training.
- You applied for grants in the past, but just can't seem to get your application into the winner's circle.
- Times are tight and your budget is shrinking, but grants seem so intimidating, you'll never figure out how to get that crucial additional funding for your department.
- Need help finding grants?

You're not the only one. Fire Departments, Law Enforcement Agencies, and other Emergency Services Agencies nationwide have felt the sting of the budget ax. Competition for grant funding awards is fierce. **This training provides a competitive edge!**

Don't settle for another "Dear John" rejection notice. What did our clients do to avoid those rejection notices?

They got First Responder Grants training.

"We have been awarded $410,199, and we have about $4,000 invested in training and assistance through you. That's over $100,000 for every $1,000 invested. Thank you."
— Undersheriff Mickey Gruber, Brown County Sheriff, Kansas

> *"Our department is very small and gets very little support from local government. Years ago, my department sent me to a First Responder Grants seminar in Philadelphia. It was the best money our department has ever spent. I would estimate in the last 3 years we are in the $750,000-$1,000,000-dollar club for grants. I would highly recommend going to this seminar."*
> *— Lieutenant Nick Cook, Bendersville Community Fire Co, Pennsylvania*
