The Illinois Department of Transportation, through the Illinois Center for Transportation and Southern Illinois University Edwardsville, has established a statewide Traffic Incident Management Training Program.

This 4-hour course includes participants from all disciplines involved in incident management and is the first multi-disciplinary class of its kind in Illinois.

The goal is to provide responders with information and best practices that improve their safety at highway incident scenes.

**NOTE:** Beginning in June of 2018 the TIM training class qualified eligible EMT-Basic, Intermediate, Paramedic, Advanced EMTs, Emergency Medical Dispatchers, First Responders, Emergency Medical Responders, and Pre-Hospital Registered Nurses for four (4) hours of Continuing Education credits. Eligible responders should notify instructor(s) upon arrival and bring your IDPH EMS license number to receive the course CE Credits.
