Jim Page
Executive Director
Illinois Law Enforcement Alarm System
1701 E. Main
Urbana, IL 61802

Dear Jim:

On behalf of Argonne National Laboratory, we would like to thank you for your agencies participation in our Site Wide Emergency Exercise on April 13, 2009. We would also like to extend our sincere gratitude to the WMD team for their support. Our success at Argonne is based on our relationship with our response community partners.

The exercise involved many elements of the Argonne on site response teams, and with your support, we have enhanced our response capabilities. The team work that was shown by your agency in our pre-planning and during the exercise will be used as an example of interoperability and cooperation.

It is our sincere hope that this will be the continuation of mutual training and familiarization on our site. Our exercise director, Mike Fagel (mjfagel@anl.gov) wanted to also add his sincere gratitude to you for your support.

Again, we express many thanks for your assistance. We value your service to us and the community that you serve.

Sincerely,

Robert Rosner
Director, Argonne National Laboratory
