May 19, 2010

Mr. Jim Page
Executive Director/ILEAS
1701 E. Main Street
Urbana, Illinois 61802

Dear Director Page,

I simply wanted to take this time to say "thank you" to the staff at ILEAS, and specifically to Commander John Konopek at Plainfield PD, for his assistance during the various phases of an ILEAS coordinated response during Governor Pat Quinn's visit at the Lyondell site, May 10, 2010.

Commander Konopek assisted during the pre-planning and deployment stages of ILEAS personnel for crowd control during the event. The professionalism and dedication of all ILEAS personnel is greatly appreciated, and I can honestly say that we couldn't have done it without them. The Governor was able to safely address those who gathered for the rally and then leave the area as scheduled without any difficulty.

If there is ever anything that the Grundy County Sheriff's Office can do to assist your member agencies, please never hesitate to contact either myself or Chief Deputy Kevin Callahan directly at (815) 942-6645. Thanks again.

Sincerely,

Terry M. Marketti
Sheriff of Grundy County
