Executive Director Page:

The College of Lake County Police Department conducted an Active Shooter Functional Exercise at the Southlake Campus in Vernon Hills on Sunday April 27, 2014, from 7 am-12:00 pm. The exercise was very successful and provided an opportunity for all of the participating agencies to practice lifesaving, critical-skill sets that would be utilized during an actual active shooter event. Police Officers from five Police Departments and five Fire Departments participated in this event.

The exercise required supplementary staffing to help coordinate and manage the role players, police and fire participants, safety aspects of the scenario and conduct the after action debrief & critique. I wanted to thank you for allowing Assistant Special Teams Manager Randy Olsberg to participate in this capacity. His organizational skills, attention to detail, diplomacy, and subject-matter expertise were instrumental in the success of this event. Assistant Special Teams Manager Olsberg assisted with safety, coordinated and directed role players, provided expert analysis, and was an instrumental part of the exercise attaining its goals and objectives.

We very much look forward to working with you and your agency in the future. Please do not hesitate to contact me if we can ever be of assistance to you or your agency.

Sincerely,

Thomas Guenther  
Chief of Police  
College of Lake County Police Department

MAY - 5 2014
