

**ILEAS Executive Director Status Report
June 29, 2005**

Membership

The membership rate has slowed, but not stopped, since the grants closed. Additionally, there are 490 completed alarm cards and an additional 112 cards that have been started but not finished.

	April 2005	May 2005	June 2005
Members	671	735	744

Preliminary results from 102 recent test calls made by Northwest Central Dispatch resulted in only 1 wrong number and only 4 departments were unfamiliar with ILEAS. This is a significant improvement over last year's test.

The Board has asked me to provide a recent list of non-member agencies listed by region. The list is attached to this report.

Administrative Office Issues

In May, the Board voted to approve a Special Teams Coordinator and to negotiate with retired Champaign police chief Jim Luecking for that position. We reached an agreement on a contract and he has accepted the position. He has already met with the SRT Commanders and has taken over responsibilities for equipment inventory and distribution. He has also picked up the Regional Distribution Site Security Teams project (based on Chief Swanson's groundwork).

A request was made at the last Board meeting for a listing of all the ILEAS personnel. See the attached list.

Grants

The Grant Committee met on May 25th and 26th and reviewed over 200 grant applications. 206 grants were approved. Originally, ILEAS had budgeted \$2,049,000 for the local grants. However, ITTF was able to reallocate funds from other programs to the ILEAS grant program:

- o March of 2005 – The ITTF Communications Committee allocated \$1,985,000 for ILEAS grant MDC purchases.
- o May of 2005 – ITTF reallocated an additional \$1,100,000 for MDC grants.
- o June of 2005 – ITTF reallocated an additional \$1,000,000 to ILEAS for the local grant program.

The total amount available was for \$6,775,000. There were over \$10,400,000 in requests. The Committee denied or cut back over \$3,625,000 in grant requests. Grant agreements have been mailed to awardees and denial letters have been mailed to those agencies whose grant applications were not approved. More information will follow in the Grant Committee report.

VHF/StarCom21 Radios

Every agency in Illinois has received a mailing on the VHF radios. So far 464 have responded that they want one and 2 agencies have declined. I have issued a purchase order for 500 VHF radios at a cost of \$1,017,500. ILEAS had a FY 2003 Part 2 grant for \$2,150,000 for VHF radios. The remaining \$1,132,500 can be redirected to other ITTF Communications Committee projects.

The third and last StarCom21 radio purchase order has been issued. Here is a summary for the StarCom21 project: StarCom21 Grant Agreements:

StarCom21 Grant for FY 2004	\$2,200,000
StarCom21 Grant for FY 2003 – 2	\$1,075,000
StarCom21 Grant for FY 2003 – 2 (GAN)	\$624,680
Total Funds Available	\$3,899,680

StarCom21 Purchases:

PO#	Amount	# of Radios
#9	\$2,199,784.58	225 Base/112 Mobile
#8	\$1,063,937.55	195 Mobile Units

SRT Equipment/Budget

The remainder of the trucks, trailers, night vision, LANX gear, radios and Patriots have been ordered for all the teams to bring ILEAS to a total of 10 teams that will basically be completed by the end of calendar 2005.

ILEAS has expended FY 1999, 2002 and most of 2004 SRT grant funds. When all of the above-listed items that have been ordered are paid for, the remaining grant funds will be in the neighborhood of \$1.9 million.

The Naperville/DuPage team has utilized their robot in three real tactical operations. It was successful in each operation. The other teams have started training with them and have found them to be very valuable.

SRT Training

The SRT Team Commanders have had regular monthly meetings to work on equipment, policy and training issues. The training regimen and requirements has been established and is attached to this document. The ILEAS Training Coordinator, Barb Payne, is working on:

- Federally certifying the NIPAS Basic SWAT training
- Establishing training for the Quincy/Adams County Team (Basic SWAT and HAZMAT Operations)
- Setting up additional offering of Basic SWAT and HAZMAT classes for new and replacement team members in 2006
- Registering the remaining team commanders and team leaders for the WMD Tactical Commander's Course (DHS certified)
- Working with Louisiana State University to set up WMD Tactical Operator's Course for every team (NIPAS has already been to this class)

The teams continue to send their members to the Live Agent training in Anniston, Al.

SRT Policies

Ed Mohn is working with NIPAS and taking what Stu Erlenbush started in order to finish the SRT policy manual.

Credentialing

The credentialing project continues to move along. It is expected that this fall there will be prototype credentials available.
