

ILEAS Issues Document

Governing Board MEETING

January 27, 2022

Special Teams Purchasing

Bids are currently being solicited for five top of the line crisis response module phones, and corresponding phone video systems. These systems, commonly referred to as hostage rescue phones, are state of the art, and fulfill a need that our WMD SRT Teams currently lack. With the recurring issues mental health issues, as well as extremism from several different ideologies that seem to manifest themselves in hostage/barricaded subjects, this capability for our tactical response teams is absolutely crucial to the continuing success of the teams. It is anticipated that this purchase would be well over \$100,000 as the current and most plausible bid is for approximately \$147,000.

The second project would be to provide updated less lethal launch platforms and munitions for both WMD SRT, as well as Mobile Field Force (MFF) Teams. Due to prohibitions on purchases of these items due to federal grant restrictions, ILEAS has not purchased any less lethal launchers since approximately 2008. However, ILEAS can use State Preparedness and Response (PAR) grant funds to purchase less lethal.

The launchers that were purchased are all outdated, and some are non-functional. The intent would be to purchase 2 single shot launchers, plus a variety of smoke/CS/CN munitions for the MFF Teams, and two of the rotary Penn Arms launchers for each of the WMD SRT teams, plus corresponding less lethal munitions that would be more focused on short range impact rounds utilized in tactical operations as opposed to mass civil unrest. This project is long past due, and the civil unrest over the past two years has demonstrated that our special teams are ill equipped to deal with such large-scale disruptions unless we update our launchers and munitions. This entire project is estimated to cost between \$180,000 and \$220,000.

Requested Board Action

Staff requests that the Board authorize the purchase of:

1. five hostage rescue phones at a cost not to exceed \$150,000
2. less lethal launchers and munitions for both Special Response Team and Mobile Field Force teams as described above not to exceed \$220,000.

IDPH NARCAN Grant

The ILEAS NARCAN project continues as it has in the past. Currently, ILEAS staff is in the process of submitting the formal grant application to IL. Department of Public Health. From the inception of the grant ILEAS has supported 285 agencies with NARCAN with 12,551 two-pack boxes of NARCAN. Over 3,300 officers have been trained in the use of NARCAN.

The budget for this year's grant is \$337,837. It will be in effect October 1, 2021 through September 30, 2022. The submission date for this grant is January 21, 2022. This year's grant will focus on an expanded 24 county area. Along with the usual training and providing NARCAN ILEAS will work with agencies to develop a "Leave Behind Program" to provide NARCAN to people that may be able to immediately administer in case of an opioid event.

As a reminder, these are the counties that we are currently supporting along with those that have been added (the six new counties are in bold):

Adams	Edwards	Jaspar	Morgan	Wabash
Christian	Effingham	Jefferson	Perry	Saline
Clay	Fayette	Lawrence	Pulaski	Washington
Coles	Franklin	Marion	Randolph	Wayne
Crawford	Greene	Montgomery	Richland	

Requested Board Action

Staff requests that the Governing Board approve the:

1. acceptance of the grant if awarded
2. purchase of NARCAN not to exceed \$230,000

Foundation Resolution

At its beginning, the Illinois Law Enforcement Alarm System Foundation (Foundation) and ILEAS had a close relationship. The adoption of the new purchasing policies and ILEAS' efforts to fully comply with the Code of Federal Regulations (CFR) in an effort to put the Foundation at "arm's length" from ILEAS have caused the Foundation to review its by-laws. Section 5.3 and 5.6 of the Foundation by-laws states that new Foundation Board members, "shall be chosen by vote of the Board of Directors of the Illinois Law Enforcement Alarm System (ILEAS), an unincorporated consortium of a majority of the public law enforcement agencies in the State, at its annual meeting, or as soon thereafter as conveniently possible." The ILEAS auditors point to that Section of the by-laws as documentation of a relationship that may be considered not at arms-length. The Foundation Board met on January 21, 2022 and adopted a change to its by-laws as follows:

WHEREAS, previously, the ILEAS Foundation and ILEAS the public agency had ties that are documented in these by-laws. By adoption of this by-law modification enacted by the ILEAS Foundation Board of Directors, all references to ILEAS the Public Agency are no longer valid.

BE IT RESOLVED:

Article 1(Addition at the end of Article 1)
The ILEAS Foundation recognizes that there is an organization entitled the Illinois Law Enforcement Alarm System (ILEAS the public agency) that exists in Illinois. ILEAS the public agency has no responsibilities or authorities pursuant to these by-laws. Other than this paragraph, whenever the words Board of Directors is used in these by-laws, it is referring to the ILEAS Foundation and not ILEAS the public agency.

Article 5.3
Election and Tenure:
The initial Board of Directors shall be those individuals set forth in the Articles of Incorporation for the ILEAS Foundation. Thereafter, Directors shall be appointed by the Foundation President with advice and consent of the Remaining Foundation Directors.

Article 5.6
Vacancies
Any vacancy occurring in the Foundation Board of Directors and any directorship to be filled by reason of an increase in the number of directors shall be filled by appointment of the Foundation President with advice and consent of the remaining Board of Directors. A director elected or appointed, as the casemay be, to fill a vacancy shall be elected or appointed for the unexpired term of his or her predecessor in office or, if the director is elected or appointed because of an increase in the number of directors, the term of such director shall expire at the next annual meeting of the Foundation Board of Directors.

This by-law change will remove the ILEAS Governing Board from its role appointing Foundation Directors. Please note that four of the original five Directors are still on the Foundation Board. There is currently one vacancy. As a result, the Governing Board has not had to appoint anyone as of yet.

Requested Board Action

Staff requests that the Board approve this motion:

The ILEAS Governing Board recognizes that the Foundation has altered its by-laws to remove the ILEAS Governing Board from appointing Foundation Directors. The ILEAS Governing Board further understands and agrees that the Foundation Board of Directors and the ILEAS Governing Board are two separate organizations.

Mental Wellness Event

ILEAS is currently planning a Law Enforcement Support Event for law enforcement professionals of all ranks, their spouses/families, and others working in the field of mental health and wellness for police. This one-day event will bring together mental health professionals who specialize in first responder support and counseling.

- The purpose is to provide information on resources available around the State, as well as to facilitate connections between attendees and providers.
- The event will be held at the ILEAS Training Center at no cost to attendees. Dates have not been identified as of yet because of the current COVID19 situation, however, it will most likely be in late Spring or early Summer.
- In December, we had a conference call with Bill Kushner and two others from the organization, We Never Walk Alone. Their company offers confidential peer support as well as a 5-Day Peer Support Training Program. They are very interested in participating.
- There are many organizations in Illinois alone that provide support and training to officers and their families. Some of those include: Illinois Law Enforcement Officer Peer Support, Saving Blue Lives, Illinois Concerns of Police Survivors, and the Blue Wall Institute. There are others as well who we intend to make contact with.
- The ILEAS Foundation will contribute to the event. We also intend to seek financial partnership from two local fundraising groups – Peacemaker Project 703 and 10-78 Foundation/Back the Blue Champaign County.

Requested Board Action

Staff requests that the Board authorize the development and implementation of a Law Enforcement Mental Health Wellness Event.
